

# What to do if your wallet is lost

First of all, try to remain calm. Panic can complicate clear thinking.

## Block your cards

First, call your bank and credit card issuers to report the loss and block your cards. Many institutions have 24/7 customer service for such emergencies. Provide them with the necessary details and request card replacements.

## Monitor your accounts

Carefully monitor your bank account and credit card statements for any unauthorized transactions. If you notice any suspicious activity, immediately report it to your bank.

## Contact the police

If you believe your wallet was stolen, filing a report with the police can be crucial, especially if you've become a victim of identity theft. Some institutions may require a copy of the police report for verification.

## Notify relevant institutions

If your wallet contains other important cards or documents (such as a driver's license, social security card, and membership cards), contact the relevant institutions or organizations to report the loss and request replacements.

## Retrace your steps

Think about where you last used or saw your wallet. Retrace your steps and check the places you've been to.

## Explore LaFmap

Visit the LaFmap website ([www.lafmap.com](http://www.lafmap.com)), a platform that displays lost and found items on a map worldwide. You can report your lost wallet and check if someone has found it near you.

## Check nearby lost and found bureaus

If you lost your wallet in a public place, contact the nearest businesses or lost and found department.
